We would like to introduce comment from Sato.

“I will attend the meet as a player of singles 1, so I will be responsible for my game, strongly stick to win, play with all my best as a representative of my prefecture, and win as much as possible. I would greatly appreciate your support.”

As our group announced in June in the mid-term management plan “ACCELERATION PLAN 2015 2nd GEAR ‘Speed-up’”, one of our strategies for sports business is expansion of tennis club operation.

The operational performance of capable tennis club providing solid value of high-level training by such coaches with great performance is strongly expected to drive further business development.

Thank you.
